# FALL WINTER 2023

The world of childhood is such a wonderful land, like a never-ending vacation. A weekend without a week following and play time everlasting.

This is an unforgettable time, a time full of dreams, sincere joy, where everything around you look very bright and exciting. When you are a child one would always remember the good things in life.

The theme of our collection is not chosen by a chance. It is composed of eight groups that reflect the feelings of children encounter gradually growing up day after day. We get inspired from watching children; their play, emotions and experiences.

We hope you join us on our adventure of the sweet memories of the childhood. When we created our clothes, we wished that every single piece you wear would touch your inner child. Every piece you wear would catch like a mother's hug, having her arms around you, her body is so tight against yours and you may even hear her voice that says she loves you...

Dear ladies, never forget your inner child. Carry these memories in your heart and it will warm you for a long time in the cold session.

*"A child can teach an adult three things: to be happy for no reason, to always be busy with something, and to know how to demand with all his might that which he desires."*

*-Paulo Coelho*

## FEELS LIKE a PRINCESS

My mom's wardrobe is the most exciting place in our home. I find a weightless tulle and velvet jacket like raindrops in her closet and after spinning in front of the mirror wearing my mother's clothes, it feels like I am the most beautiful princess in the world.

## WHAT IF YOU COULD CALL YOUR CHILDHOOD?

What would you say to yourself as a child?  
Be kinder to yourself or always know  
your worth... The world is bigger than  
you think it is and your worries are not as  
important as you think they are.  
Just be you!
